

ABRAR NASIR

Mankachar, Assam, India | abramasirx@gmail.com | github.com/0xshn1y | +91 84720 64398

PROFILE

Disciplined and detail-oriented individual with a strong technical background and a proven ability to stay focused for long, monotonous stretches — trained through hundreds of hours of methodical, screen-based problem analysis. Comfortable with computers, POS/billing systems, and structured monitoring workflows. Seeking a CCTV monitoring or billing counter role in a mall/retail environment where vigilance, honesty, and quick decision-making are valued.

KEY STRENGTHS

Surveillance & Vigilance: Trained in sustained attention-to-detail through systematic monitoring and anomaly detection (security research background)

Billing / POS Aptitude: Fast, accurate keyboard-driven data entry; comfortable with computerized billing and inventory software

Computer Skills: Windows & Linux, MS Office, POS software adaptability, fast and accurate typing

Numerical Accuracy: Strong analytical and arithmetic skills from technical/financial analysis work — useful for cash handling and reconciliation

Personal Qualities: Punctual, honest, calm under pressure, quick to learn new systems, good communication

WEAKNESS

I can sometimes be overly detail-oriented.
still building my public speaking confidence.

TECHNICAL SKILLS

Computer: Windows, Linux, MS Office, fast typing, keyboard-driven workflow

Software Familiarity: Quick to learn new billing/POS or CCTV monitoring software

Other: Bash, Python, basic networking concepts (useful for understanding CCTV/DVR network setups)
